

Snowies Alpine Walk Transport Options

For your Snowies Alpine transport needs, Knockshannoch partners with [Snow Connect](#), operated by Leanne, a local Jindabyne resident. Snow Connect is a shuttle service that transports groups to various locations around the region. With multiple vehicles, Snow Connect is able to accommodate various group sizes.

Please note: Snow Connect has a four-person minimum. If your group is less than four people, we will ask you to pay the additional rate at the time of booking to secure your transport. If other guests book on the same dates, you'll be refunded the additional costs.

After booking, you will receive an email letter with your pick-up locations and times. This may take a few days to get to you as Leanne does not work full-time. Be aware that pick-up times are not always flexible as the shuttle will likely be making multiple stops. If you have certain time restraints, please note at the time of your booking, we will do our best to accommodate.

Leanne will contact you directly a few days before your trip to confirm and answer any questions you may have.

Transport (The usual way)

Our usual transport recommendation is based on the suggested Snowies Alpine route which looks like this:

- Day 1: Pick-up at the Lodge, Drop off at Guthega – \$55pp
- Day 2: no transport needed
- Day 3: Pick-up from Perisher, Drop back at the Lodge -\$45pp
- Day 4: Morning pick-up from the Lodge, Drop off at Perisher Valley -\$45pp
- Day 4: Afternoon pick-up from Bullock's Flat and Drop off at the Lodge – \$75pp + National Park Entry fee at \$6.60pp (adult rate)

However, if you have a car, there are a few ways you can reduce your costs and give yourselves more time to enjoy certain walks without the time pressures to meet your shuttle.

Complete Day 3 backwards

Day 3 - the walk between Charlotte Pas and Perisher - is the second longest day of the Snowies Alpine Walk, and one of the most beautiful. While the usual route suggests you start in Charlotte Pass and end in Perisher, requiring afternoon transport back to the Lodge, we recommend completing this leg backwards.

This means you would be picked up from the Lodge in the morning and dropped at Perisher to walk back to Charlotte Pass. This removes any time pressures to meet your shuttle at a specific time in the afternoon. It allows you to complete the walk at a slower pace and take in the stunning scenery without needing to keep an eye on the clock.

Your transport fees remain the same should you choose to do this backwards.

Start Day 4 at Perisher

Perisher is about a 10 - 15 minute drive from Charlotte Pass with a large car park. To save a few extra dollars, you can choose to drive to Perisher in the morning - removing the need for the Day 4 morning transfer (saving you \$45pp).

This means your Day 4 afternoon transfer would drop you back at your vehicle in Perisher which reduces the fee to \$65pp + National Parks fee.

When combined, driving yourselves a short way can save you \$55pp.

Questions?

If you've got any further questions about transport, the Snowies Alpine Walk, the region or your stay at Knockshannoch, please don't hesitate to reach out.

You can connect Leanne from Snow Connect with any question as well.
